AN EXPLOSION ON MAIN STREET. - About 6 o'clock yesterday evening an explosion occurred under one of the wheels of a streetcar when it was opposite the Dispatch office, and as it was slowly passing up the street. The car proceeded on its way without stopping, but a large crowd, attracted by the loud noise, quickly assembled near the spot. will please say Advertised. If It was ascertained that the explosion had been caused by some mischievous person fixing a railroad tornedo to the track. The It was ascertained that the explosion had fixing a railroad torpedo to the track. The tin case was picked up near the Twelfthstreet crossing. When the street-car passed over it it was, of course, exploded. These torpedoes are very generally used on the railroads of the country for signal-purposes, but this is the first instance where any of them have been used in the streets of the city, and to the alarm of the people and without the possibility of doing any corresponding good.

> PRACTICAL REMEDY FOR BREAK OF GAUGE-A RICHMOND INVENTION .- The Richmond and Danville railroad as a through line bas suffered greatly by its breaks of gauge. Adjustable trucks capable of expansion or contraction have not worked well. The only remedy is in the use of a machine that will lift the car-bodies from the trucks, and hold them till trucks of the other gauge are put in place, when the car can go on its way without the necessity of unloading. General Imboden, of this city, has invented a machine that, it is believed by all the railroad men and engineers who have examined it, is capable of doing the work very rapidly. The Richmond and Danville Railroad Company have contracted for one of these machines and it is now under construction at the works of Joseph Hall & Co., large enough to lift two cars at once, and may be lengthened at small expense to raise additional cars, it that is found desirable.

The length of the machine now building is sixty feet, and its lifting power, with one hundred pounds of steam, will be 150,000 pounds. However, the maximum required of it will never exceed 90,000 pounds in actual working. It is simple in its parts, being merely a combination of well-known mechanical powers so arranged as to work with great safety and rapidity. The lift of two feet will not require over half a minute of time. It is expected by the contract ors, Messrs. Joseph Hall & Co., that they can complete and put it in operation at Greensboro', N. C., early in January, when, if it works satisfactorily, others are expected to be put up at Charlotte, Danville, and Richmond to facilitate rapid transfers of freight and express cars.

DISTRICT CONVENTION OF COLORED SONS of Temperance.—This body met on Thursday night at the Temperance Hall (Orphan Asylum), at 8 o'clock, W. Isaac Johnson acting G. W. P., W. H. Lester Combs, G. S.; William F. Brown, grand chaplain pro tem.; Richard Adams, grand sentinel pro

On motion of William H. Manning, the roll of delegates was called, and sixteen Divisions of this city were found to be represented, sixty-three delegates being in attendance.

Scott. The following District Deputy Grand Worthy Patriarchs were elected: 1st district, Rev. H. Harris, Jr.; 2d, W. M. Mick-William F. Brown; 4th, Aaron iam: 3d. A. Drew; 5th, Thomas Scott; 6th, Lewis Dickerson, Sr.; 7th, Simuel Logan; 8th,

Charles W. Logan. Preparations are being made to hold two public meetings each in this city and Manchester.

CLOTHING THE POOR CHILDREN .- The ladies of the Aid and Dorcus Societies of the Leigh-Street Baptist church are at present engaged in the very laudable undertaking of holding fair and feast in the lecture-room of the church, the proceeds of which will be devoted to clothing the poor children. The fair-room will be open to-night.

WASHINGTON, November 20 .- The House Appropriations Committee completed the naval appropriation bill yesterday. The estimates presented by the Secretary were for \$19,000,000. The appropriation as agreed upon by the committee is a little over \$17,000,000. This is only for naval establishment proper, and does not include appropriations for the construction of ships. or the continuance of work on the League Island navy-yard, or the proposed purchase

of the Stevens battery. These and similar appropriations asked for by the Navy Department will be included in the miscellaneous bill. Concerning the marine corps, it was held that the duties now performed by it, especially at naval stations where they are used as guards and for police duty, could as well be performed by details from the army, while on shipboard the work of the marine corps could be performed as well by ordinary seamen. No decisive action was taken by the committee, but it is generally understood that should an amendment be offered in the House to the naval appropriation bill, either providing for the total abolition of the marine corps or its incorporation into the army, no opposition will be made to it by the members of the committee.

### The Arkansas Troubles,

Washington, November 20 .- Judge Po land, chairman of the Congressional Committee to investigate the Arkansas troubles, arrived here this morning, and had a conference with Attorney-General Williams prior forming the work satisfactorily. to a meeting of the Cabinet. He will have an audience with the President to-morrow, and leave for his home in Vermont to-morrow evening. Judge Poland states that the report of the committee will not be prepared till after the meeting of Congress, as all the testimony taken at different times by various members of the committee has not yet been examined by the full committee, and the whole testimony must be carefully looked into before the report can be prepared.

Pall-Math Gazette from Berlin says it is Islands, who has been on a visit to his former stated there that the British Government home for several months, has returned here, and this morning called upon the President Russia for the adoption of an international to pay his respects. He was accompanied code on the basis of the negotiations of the by Mr. Carter, who has been commissioned Brussels conference. by the Government of the Hawaiian Islands to negotiate a commercial treaty with the United States. Secretary Fish was also present during the interview. Mr. Allan tendered to the President the friendly considerations of his majesty the King, and stated he was to leave Honolulu on the 18th of November for this country.

North Carolina Legislature. RALEIGH, November 20 .- A number of bills were introduced in the House of Representatives yesterday, the most important of which was a bill to provide for the compromise and settlement of the State debt, inroduced by Colonel S. McD. Tate, of Burke the chairman of the Finance Committee The bill is supplemental to a preamble in which is recited the reasons for not paying all the debt-the destruction of the property upon which the bonds were based, and the reckless legislation and management of finances at a time when the tax-payers had

no control in public affairs. How the Massachusetts Republicans Tried to Gain the Late Election and lively forbidden to ride.

Boston, November 20 .- The Massachusetts Labor Council Committee on the Navy-Yard has reported that it has proof that seven hundred and fifty men were hired during the two weeks preceding the election, most of whom were discharged after the election; that the recommendations for the biring of these men were signed by the congressional candidate Gooch, and that the additional force had little if anything to do

during their term of service. The Council recommended that their statement be submitted, through the representatives in Congress of the State of Massachusetts, to the Senate and House of Representatives, praying those august bodies to some districts desolation reigns. appoint a special committee to inquire into these alleged corrupt and disgraceful practices.

Republicans of Massachusetts Complaining-Organization of a State thousand marines at Santiago de Cuba. Club. Boston, November 20 .- Prominent Re-

publicans of this State have organized a Commonwealth club. The preamble to the constitution recites that the members are dissatisfied with the corruption which now prevails in politics, and are convinced that this dissatisfaction is not confined to any political party or section of society, but is shared by all honest men alike. They agree to form an association in the hope that thereby a better understanding will be promoted amongst the men who hold these opinions, and that an interest in all public measures will be excited among those who now stand aloof through apathy and disgust. In so doing they give no pledge, nor do they abandon the organization to which they now belong.

The officers of the club are: Hon. E. R.

Hoar, president ; Henry L. Pierce, Richard Olney, John Q. Adams, and W. E. Perkins, vice-presidents. Accession to the Reformed Episcopal

Church. NEWARE, November 20.—Rev. Dr. W. J. R. Nicholson has resigned the pastorate of the Trinity Episcopal church of this city, and

will join the Reformed Episcopal Church. | 909

NO. 272 Fire in Petersburg.

[Special telegram to the Dispatch.] PETERSBURG, VA., November 20 .- A serious fire occurred here to-night. At 3 o'clock smoke was discovered issuing from a building on Market street which was used as a no.21-11. ing on Market street which was used as a storage-house for hay by Thomas Pannill. there was any sign of it outside, and when the alarm sounded there was no hope of more than prevention to more than preventing its spread. The house WANTED, at the Virginia Match Facwas owned by A. Eichberg, and was insured GIRLS. S. GOLDBACK & CO. for its market value. About 800 bales of hay were destroyed, which was insured for two thousand dollars in the Albemarle Company,

ANOTHER ACCOUNT.

[Special telegram to the Dispatck.]:

Peterseured, V.A., November 20.—A fire occurred about half-past 9 o'clock to-night, destroying a boilding at the foot of Short-Market street, the property of Mr. A. Eichberg. The building contained eight hundred bales of hay, belonging to Messre, Thomas Pannill and Henry Jones. The building was insured in the Amazon for \$1,700. The hay was insured in the same company for \$2,000.

Execution of a Marderer-Stabbing

Affray-Ronaway. CHATTANOOGA, November 20 .- Among the guests at the Read House to-day was Mrs. Abraham Lincoln en route to Florida,

where she will spend the winter. Shade Westmoreland was hanged here today for the murder of William Emberling, near this city, in April, 1872. The prisoner made a long, rambling speech on the gallows, claiming that he did the killing in selfdefence; but the evidence showed it to be most brutal and unprovoked, and probably urged on by Emberling's wife, with whom Westmoreland was criminally intimate. She was arrested and tried as an accomplice, but was acquitted.

A stabbing affray and two or three runa ways, in one of which Colonel Hill, of Atlanta, was badly hurt about the head, complete the day's record.

The 'Longshoremen.

New York, November 20.-There are n changes in the strike of the 'longshoremer to-day. Rumors that were affoat to the effect that a compromise was to be effected be tween the steamship companies and the strik ers are without foundation. No companies have given in to-day, and express their intention to hold out to the bitter end. The stevedores all say that the new men are per-
